Evening Carol,

I will send the request to the Chief of Police Office. Do you want to meet Captain Reina on the 19th, just for quick hello?

Concerning KPMG, I believe Captain Graham met with the CEO and the Security Director on Tuesday evening. Captain Graham advised me he was able to address their concerns. However, we always welcome more dialogue on the issues effecting DTLA and how we can be of assistance.

Also, yesterday at 10:00 am, our Acting Senior Lead Officer Guterrez and Sgt. Mike Flanagan from our Senior Lead Office met with employees from KPMG, Banyon Hunter from Allied Security, Brian Raobin and Susan Holly. The topic was employee safety.

I'll ask Sgt. Flanagan to run our crime numbers but Assaults are actually down approximately 7% for the year and all violent crime is down approximately 5.5% for the Division. However, I'll ask him to run the numbers for your specific BID area or would like a particular area in DTLA analyzed?

Thanks,

From: Carol Schatz <cschatz@downtownla.com>

Hi Captain,

Congratulations on your promotion. I wish you the best and look forward to meeting your replacement.

One of Downtown's biggest businesses, KPMG, has asked us to arrange a meeting with Charlie Beck. We would also include a couple of other property owners and representatives from the biggest BIDs. We have all experienced an uptick in assaults and it is very concerning to our whole community.

Could you help us set this up?

Thank you!

Carol E. Schatz

Subject: Meet the new Central Area Captain

Good Morning Carol,

The new Area Captain will be with me on December 19th. I will be introducing him to various community members. If you available for a quick introduction, that would be beneficial. I know this is not a convenient time due to the holiday season so we are trying to make quick introductions and he will follow-up with a more in-depth meeting once he takes command officially. The transfer of Command is effective, ironically, December 25th.

Please let me know how you would like to handle this and we will make it work.

Thank you,
